

**Science Curriculum
Morris County USD #417
Grade K**

Indicator	Description	Date(s)			
2KS1.1.1	Identify two or more characteristics of an object.				
2KS1.1.2	Classify groups by more than one characteristic.				
2KS1.1.2	Arrange Objects by size.				
2KS1.1.3	Use tools or non-standard units of measure and to collect info.				
2KS1.1.4	Ask questions about objects, organisms, and events.				
2KS1.1.7	Describe an observation orally or pictorially.				
2KS2.1.1	Observe/identify physical properties of objects.				
2KS2.1.2	Identify objects by the materials from which they are made.				
2KS2.1.1	Identify living and non-living things.				
2KS3.1.1	Living things need air, water, and food.				
2KS3.1.3	Find living things in various environments.				
2KS3.1.4	Observe characteristics of living things.				
2KS4.1.1	Discover Earth materials.				
2KS4.2.2	Recognize sun, moon, and stars.				
2KS4.3.1	Observe and record changes in weather and seasons.				
2KS4.3.3	Discuss weather safety procedures.				
2KS5.1.1	Experience the way things work.				
2KS6.1.1	Identify safety and security as basic needs.				
2KS6.1.2	Engage in personal care.				
2KS6.1.3	Sort foods.				
2KS7.1.1	Involve students in activities that invoke curiosity.				
2KS7.1.2	Use technology to learn about people in science.
