# 1 Condominium

1. Condominium Design (10)—Is the condominium design floor plan creative, functional, and will it attract the attention of the potential customer?	
2. Parameters —	
(10) Consists of no more than 800 square feet --scale included	
(10) Dimensions included (to prove less than 800 square feet)	
(10) Includes one master bedroom with an adjacent bathroom	
(10) Includes a kitchen, living area, and a dining area	
(20) Includes at least two of the characteristics that would cause a senior citizen to be interested in making a purchase (rails in bathroom, wide doorways, lower sinks for wheel chair, game table, spa, etc.)	
3. Design Presentation (10)— Develop a poster that graphically illustrates the condominium floor plan. Is it colored?	
(5) Are computer landscape designs included?	
(5) Does the poster include additional features that promote the idea? (slogan, gardening area, recreation area, different elevation views)	

4. Historical Research (10)—Did the design team include adequate responses to each of the questions in the “historical research” section? (EIGHT Q & A)

Partners divided the 7 Q's and A's? #1 \_\_\_\_\_ #2 \_\_\_\_\_ Did partners share the other work equally? \_\_\_\_\_
