

Grade # 1	Grade # 2
-----------	-----------

Hour _____

FLIGHT DB # 3 – Paper Airplane

AIRCRAFT	Partner # 1	Partner # 2
1. (20) Does EACH partner have 5 prototype planes and 3 final planes to carry the message?		
2a . (5) Did the 3 final aircrafts make it within a reasonable distance of the base (an average)? (SEE CHART to the right)		
2b. (5) Is the plane able to carry a HIDDEN half page note?		
3. APPEARANCE (10): Is the appearance of your airplane of sufficient quality? Does it look like a normal paper airplane?		
4. Instructions (20): Did each flight partner include detailed instructions on how to recreate the final 3 planes.		

# 1	# 2

5. WRITTEN EXPLANATION (20): Include a written explanation of the questions posed in the “historical research” section. (4 Q)

Partners divided the 10 Q's and A's? #1 _____ #2 _____

6. RESEARCH (20): Did the team show ample evidence of research done on flight technologies by including at least 3 sources of information that were used to conduct the research for the design brief?

Did partners share any other work equally? _____
